## ABOUT ME

I am an ambitious undergraduate student pursuing a degree in Computer Science, with a strong focus on network and programming. My specialization lies in web development, and I have acquired a versatile skill set that includes programming languages such as Python and C++, along with a deep understanding of web technologies like HTML, CSS, Bootstrap, SASS, Tailwind, React, PHP, and MySQL.

My passion for self-development is unwavering, and I am committed to continuously enhancing my skills and knowledge in the fields of software development and web application development. I am eager to embrace learning opportunities and open to pursuing training programs and scholarships that will enable me to further excel in these domains.
